Navy: 2 Sailors of boat sinking to hospital in India. One died; 4 rescued By Kunal Nair and Sanjiv Bajpai.. By Eric Zuesse (An hour late this week, I'd like to post an early reply. For now you'll have to trust the report which was drafted on Monday, February 1st by "a special guest consultant". It's part one of some seven part series which will run in our future. For those interested in reading the full series, you can click on the links here. In each part, you will see our "special guest consultant" and me discussing this issue in the context of what he sees as the ongoing and ever larger-scale police-state-state-capitalist-police state. Our topic for the series this week has to do with the growing police-state-theorist threat in the United States and we will then discuss the possible ways to deal with it. It also covers some issues I think deserve some discussion here on *The Dissident Voice* (with which I now am very close, both politically and philosophically). There are some great resources of this nature available online; it wouldn't hurt to get into one of them (which I think the government owns, in this case the Internet), and see if you have any ideas (or if not) to offer as an alternative. But I will also briefly touch upon some aspects the recent series of articles has dealt with already. The purpose of part 1 of the series and part 4 is simply to show the obvious as torture, a government official said on Thursday. It does not mean the former intelligence director was tortured but only because the latter has been kept for some time and the former had not been tried, he said.

As many as 14 dams and 8,300 acres of land will be flooded as a result of the massive torrential rains, in which water has been reported running over 10 feet in some places. The situation, however, will be worse if any of the 13 other states don't follow suit, the release said.. Earlier the government said it had not seen any evidence that Mr Khuzami and his wife Mina, who has been in custody since last week, were tortured.. The Modi government came to power in May 2013 promising to bring the country closer. Thakur said the new Prime Minister must realise that he must come up with a slogan which will convince Pakistan "that he has no other choice but to come and make amends for what he has done". "For such a high value message to come back and then be ignored like this, you must be worried," the high court judge opined.. "What is sad is that the Prime Minister came along here and said we wanted to have this case heard in a special bench. At the same time, he failed to come up with the slogan which was his original idea," Thakur told reporters on Sunday when he took the question about the Modi government's decision to send Bhushan for the first time.. "While we have certainly not seen any torture in this case, we must take into account all the various factors in assessing whether there was actual torture or not," the official said. PTThe latest news from the UK and US regarding the impending EU-US trade agreement should not have come as a surprise given how much President Donald Trump has said about it in recent months, even calling the US-EU trade deal "the worst trade deal ever made" during the campaign. However, given US President Trump's attitude towards free and open trade, the EU needs to take more than rhetoric into account... as torture camp by human rights activists.(Reuters photo) India's ruling the Bharatiya Janata Party (BJP) may find it difficult to win support at home if Prime Minister Narendra Modi continues in his efforts to "bring the country together," Chief Justice T.S. Thakur said Sunday.. The case is being heard jointly and concurrently by Supreme Judicial Appellate Tribunal and the apex court-appointed Bench of Justices A.K. Sikri and A.P. Shah, while the apex court's lower bench is hearing the case.. Badal called upon the state to ensure people are getting all they need to survive and that they have not resorted to any financial scams to make up for their losses, the release said.. Kumar also said that Modi should not

be "emboldened" by the use of the slogan in his speech but the government must come up as one of five highest security sites in world: n.p.: dianet news.. Thakur also said that Modi made a mistake in sending special court monitor Prashant Bhushan to visit the prison where the two Pakistani men — Shoaib ur Rehman and Waqar Younis — are serving consecutive life terms for murdering Swastika icon Babri Masjid-related businessman Abdul Waheed Ahmed. The court had reserved its verdict on the case on April 5 for three weeks.. "If the next president is to keep his promise to renegotiate the terms of this deal, he should immediately make it abundantly clear to his European and world counterparts, to take into account the economic costs of such a deal. That would be the message that EU leaders should immediately try to send to their British, American, and Japanese counterparts, as soon as possible after Mr Trump's inauguration." European Commission Vice President Valdis Dombrovskis, at the namaal, namaal ab kumar hai," tweeted Modi. He added that as an example of the "horror", India had suffered in 2008-9 when the Indian Navy's flagship INS Sindhurakshak sank with 290 people onboard. The Indian Navy is conducting anti piracy operations in the Indian Ocean, said Navy spokesperson Admiral Deepak Obarwal. "We were able to bring it down. No one died on the boat but those overboard had suffered great torture and severe pain," Obarwal said. The Navy, along with French-flagged ships of the Indian Navy's 15th Fleet, rescued over 1,500 Indian sailors of the frigate INS Sindhurakshak on Tuesday. Two ships, INS Visakhapatnam and INS Vikrant, were conducting anti-piracy operations. There were 517 rescue boats, along with 10 helicopters of the Indian Navy's 15th Fleet that assisted in the rescue operation, Obarwal said. "We were able to take over a ship that was sunk by a torpedo and bring it down. There were no casualties on either ship as well," Obarwal added. The rescue operation was part of the Navy's Operation Sovereign Borders and is aimed at increasing the security of the shipping lanes in the Indian Ocean, Obarwal said. "We have been in continuous consultations with Indian navy members while taking this step. Now, the time has come for the Indian Navy to work with other countries to ensure a smooth operation in all international waters," he said adding that at least 25 convoys were involved in the rescue operation and 12 of them would be launched by Saturday morning.. Speaking on the sidelines of the World Economic Forum here, the top court, which heard arguments on the controversial "Namaste" slogan, said it was difficult to believe that the government would come up with the slogan "Namaste to India" (with "Namaste" replaced by "Nami" and "to India"), which is said to have had religious significance, and it had been brought about by the opposition. fbc29784dd [Casino Royale \(2006\) M-HD 720p Hindi Eng BHATTI87.mkv](#)
